

SPIROL[®]

PRE-ASSEMBLED DISC SPRING STACKS

The advantages of Pre-Assembled Disc Spring Stacks include:

- Lower assembly costs through simplified installation
 - *Drop-in unit speeds up production by eliminating manual stacking*
- Error-proof stack configuration due to automated stacking
- Precision lubrication ensures consistency and cleaner operation
- Fully customizable configurations to meet your application needs
- Complimentary Application Engineering support from start to finish!

Certified to:
IATF 16949 • AS9100

**Innovative Fastening Solutions.
Lower Assembly Costs.**

Pre-Assembled Disc Spring Stacks arrive ready for drop-in assembly.

SPIROL's Pre-Assembled Disc Spring Stacks eliminate assembly errors and costly rework caused by incorrect stack configurations.

Custom options include: various packaging types, lubrication choices, part markings, and the flexibility to accommodate special requirements.
